August 2017

Dear Memorial Family,

Welcome to the 2017-2018 School Year!! I hope everyone had a wonderful summer. We are all very excited to have students back in our classrooms and hallways filling them with energy and enthusiasm for learning. It is our mission that each child become self-directed, passionate, lifelong learners who will reach their potential. To help us achieve this we believe in building a strong home-school connection, fostering positive relationships and establishing effective communication.

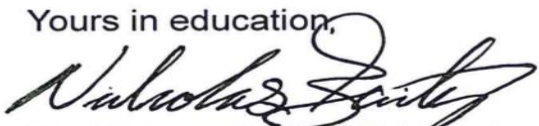

I'm sure you and your child are excited about coming to school as a preschooler or kindergartner. As a parent or caregiver, you play such an important role in your child's academic achievement. By taking steps to get involved in your child's education, you can bridge the gap between home and school to help ensure your child's success in learning and in life. To help promote this, we would like to extend an invitation to our families to join us at school activities and events throughout the school year whenever possible.

Making the commitment to sending your child to preschool and kindergarten is so significant to your child's educational path. Therefore, it is extremely important that you establish a pattern of regular attendance, allowing your child to be absent only when it is absolutely necessary.

You will be receiving your child's teacher placement and information about Visitation shortly. As there will not be a Back to School Night designated in September for Memorial School, this year we will again be combining the two.

My staff and I share your enthusiasm in getting your child ready for the first day of school and a lifetime of learning. We look forward to hearing about all of the fun learning experiences the children have had over the summer. Once again, Welcome Back! Let's make this another great year at Memorial together!

Yours in education,

Mr. Nicholas Bailey, Principal
Memorial School
