Dear Community Partners:

Cape May County Department of Health continues to proactively look for ways to decrease health disparities in Cape May County to achieve a healthier community. We ask for your help in promoting the variety of health services offered to Cape May County Residents.

Cape May County Department of Health offers the following services:

- Cancer Education and Early Detection
- Sexually Transmitted Infection Screenings
- Adult and Children Vaccinations
- Lipid Clinics (blood pressure, cholesterol, and sugar)
- Child Health Clinics
- Narcan Training

In addition to our health services, we also offer education sessions, which can be tailored to your clients. Cape May County Department of Health also has a volunteer program, Medical Reserve Corp., that offers volunteer opportunities to medical and non- medical professionals. To ensure a timely distribution of pertinent health information we ask community partners to sign up for New Jersey Local Information Network System, NJLINCS. In this packet you will find a brochure and flyer with additional information on our services.

If you would like additional information, feel free to contact Megan Santiago at (609) 463-6521 or email [megan.santiago@co.cape-may.nj.us](mailto:megan.santiago@co.cape-may.nj.us). You can also visit our website [www.CmcHealth.net](http://www.CmcHealth.net) and follow us on Facebook.

Thank you for your time, and everything you do for our community.

Sincerely,

Megan Santiago, Health Educator
