August 31, 2020

Dear Parents and Guardians,

As our long-awaited return to school draws near, I wanted to reach out to provide some important information for the upcoming school year. Normally this letter would be welcoming families in for our preschool and kindergarten visitations. Obviously this year will look much different and unfortunately we are unable to invite parents in for this event. We have made other arrangements to help make this a smooth transition for your child.

I am sure that you are aware that our district has chosen to start with a hybrid model for our reopening plan. This means that students will be attending school two days a week and on the other three days virtual and remote instruction will be provided. On our **virtual day** your child will be meeting with their teacher online and receiving live instruction during the day. During the **remote days**, students will be provided with instructional videos and assignments that they will be completing. Students who opt for 100% remote will receive a combination of **virtual** and **remote** instruction.

All teachers have created a **Google Classroom** that students will be required to join. Students will sign into their Google Classroom to access all of the remote platforms that teachers will be utilizing this school year. Each student's school issued email address will be used to join Google Classroom. Your child's email address is their ID number@lowertwpschools.net (For example: 12345@lowertwpschools.net). The password will be their ID number ltes (12345ltes). Your child's ID number can be found on the name badges that were included with this letter. We ask that you send your child in wearing one of the name tags that we have included on the first couple days of school. Preschool students will be given a permanent badge on their first day of school.

Once you have joined your child's Google Classroom, there will be a **survey** that we ask you to complete. Our teachers will also be sharing a virtual visitation video with you. Your child will have the opportunity to see their teacher and get a tour of their classroom. Important information will also be shared with families and school procedures will be explained in more detail.

This year we are making some changes to our arrival and dismissal procedures. In an effort to socially distance students, we will be providing additional drop off and pick up locations. All families will be assigned a designated drop off and pick up location based on the location of your child's classroom. If you are **NOT** using the district provided buses and plan on picking your child up at any point during the

week, we ask that you fill out the Student Sign Out Information Sheet included with this letter. There is also a question on the survey that we will have you filling out.

Parent Drop-Off at Memorial will take place between 9:10 and 9:25. We ask parents to please arrive promptly so as to not interfere with bus drop off. Students in each classroom will have designated drop off locations based on where their classrooms are located. We will have cones with signs and staff members will be directing cars where to go.

Parent Pick-Up at Memorial will be after busses leave. We ask parents to arrive beginning at 2:20pm to pick up your child. We will have two separate pick up locations, one for kindergarten students and one for preschool students. Staff members will direct you where to go upon your arrival.

I look forward to working with you and your child this year. Please don't hesitate to reach out if I can be of any assistance.

Sincerely,

Chris Shivers
