

Preschool Intervention Referral Team

October 26th-October 30th Weekly Newsletter

Developmental Milestones Tip:

Milestones matter!! How your child plays, learns, speaks, acts, and moves offers important clues about his or her development. Your child is unique. Children's learning and growth rates differ from other children their age. You are the best person to notice developmental problems, if any, because of the time you spend with your child. You can help your child learn and grow. Talk, read, sing, and play together every day.

BACKPACK CONNECTION

How to Plan Activities to Reduce Challenging Behavior

English: https://challengingbehavior.cbcs.usf.edu/docs/backpack/BackpackConnection_routines_plan-activities.pdf

Problem Solving Practice

Since our Preschool population responds so well to practice and repetition, we have included links for the Problem Solving Wrist Card Steps as well as the Conflict Resolution Cards. We can make problem solving fun if we continue to practice how to solve different problems together. This week you can use these the tools provided to solve problems together.

Problem Solving Continues This Week

Problem Solving Steps Wrist Band:
