This will be our first newsletter of the school year. We will be providing newsletters each week that include social, emotional, behavioral, and communication tips for our preschool children. Meet Tucker the Turtle

We introduced Tucker with the preschool students to teach the children how to stop, breathe, and take a break when they are upset. Tucker helps us problem solve and come up with solutions.

Communication Tip:

Be Face to Face With Your Child Get down to your child's physical level whenever possible. When you are face to face with your child, they are likely to communicate more as they see you are right there with them, interested in what they are doing.
